The Board considers that the reasons for improvement in the consolidated net profit attributable to owners of the Company were mainly due to the following items:

- (a) an increase in the Group's total revenue for the Reporting Period as compared to the year 2024;
- (b) an improvement in gross profit margin, mainly resulting from strong business growth in the Lens division, which has a higher profit margin than the Group's average profit margin; and
- (c) the Group's share of profit from an associated company of approximately HK\$19.2 million (unaudited) for the Reporting Period, which increased significantly compared to approximately HK\$11.8 million in the year 2024, mainly due to an increase in revenue and improvement in operating efficiency during the Reporting Period.

The information contained in this announcement is only based on the preliminary assessment made by the Board with reference to the unaudited consolidated management accounts of the Company for the Reporting Period and other information currently available to the Board, which has not been reviewed by the auditor of the Company.
